

For possible action; pursuant to NRS 656.110, discussion to create a committee or committees to conduct research and formulate language for legislative regulations.

Speaker: Debbie Uehara, Executive Secretary

Current Members of the Legislative Regulations Committee

Kevin Diamond – Chair

Bill LaBorde – Vice Chair

Pauline May

Peggy Elias and Lori Judd resigned their positions from the Legs & Regs committee to avoid a quorum of the committee while attending meetings with the Governor's office, Senator Daly, commission hearings, etc. A gathering of a quorum requires a posting notice required by the open meeting law and must allow all members of the public to attend. A quorum cannot gather without meeting the posting requirements.

The Board will need to consider adding more members or reorganize the committee.

Question:

Do we want to create a separate committee with legal video recorders to create regulations relating to SB 191?
